THE WORLD TEACHES

Some lessons begin long before the classroom.

In a landscape never visited.

In a language not yet spoken.

In a conversation that changes everything.

At TravelEdventures, we create journeys that take students and teachers beyond the familiar.

Across cultures.

Across perspectives.

Across possibilities.

From Europe to the farthest corners of the world, every programme is designed to inspire discovery, confidence and growth.

Because curiosity knows no borders.

And learning, at its best, defies gravity.

TravelEdventures.

WHO WE ARE

A Message from Our Founder

MARKUS BICHLER
CEO

Whether we are working with prestigious private schools seeking world-class educational experiences or supporting schools in disadvantaged regions through Erasmus+ and other funding programmes, our goal remains the same—to ensure that every young person has the chance to learn, grow and thrive through international mobility.

We are proud to help schools secure funding, navigate complex application processes and transform ambitious educational ideas into reality. We believe that access to international learning should never depend on geography, financial circumstances or opportunity alone.

Today, TravelEdventures delivers educational mobility programmes designed to equip students with the skills, confidence and global perspectives they need to succeed in an increasingly connected world.

Above all, we are passionate about supporting the teachers who inspire the next generation. Every day, dedicated educators work tirelessly to give their students the best possible future. We see our role as helping those teachers bring their students something truly extraordinary: **the confidence to explore, the courage to grow and the wings to take their learning beyond borders.**

We look forward to being part of that journey with you.

THE WORLD TEACHES. WE HELP STUDENTS EXPERIENCE IT.

At TravelEdventures, we believe education has the power to change lives, open minds and create transformative opportunities that last a lifetime.

For more than 20 years, we have been helping teachers, schools and educational institutions create these life-changing opportunities for their students. During that time, we have delivered thousands of successful international learning experiences, building a trusted network of schools, companies, training providers and educational partners across Europe and beyond.

OUR MISSION IS SIMPLE:

to make exceptional international education accessible to every student, regardless of their background or circumstance.

WHY CHOOSE TRAVELEDVENTURES?

Some journeys last a lifetime!

Every teacher hopes to give their students more than knowledge. They dream of inspiring confidence, independence, curiosity and opportunity. They want to inspire their students to dream bigger, believe in themselves and discover what they are capable of becoming.

At TravelEdventures, we help make that all possible.

To date, more than 20,000 participants and over 1,000 educational partners have trusted us to deliver meaningful educational mobility experiences across 45+ incredible destinations worldwide.

Whether that means discovering Vienna's rich history, improving English in Galway, experiencing Malta's Mediterranean lifestyle, engaging with sustainability initiatives in Patagonia, embracing cultural immersion in

Kyoto, or volunteering alongside local communities in South Africa, every programme is meticulously designed to create learning that extends far beyond the classroom.

But what truly makes TravelEdventures different is not where we take students.

It's why we do it.

We believe every student deserves the chance to discover their potential, regardless of their background, circumstances or starting point.

Because the most valuable gift a teacher can give a student is not simply an education. It is the opportunity to see what is possible. And sometimes, all it takes is one journey to change a life forever.

“We don't just organise educational journeys. We help teachers give their students wings!”

VOCATIONAL MOBILITY PATHWAYS

Empowering Learners Through International Experience

Vocational mobility is more than just travelling abroad, it is an opportunity for learners to develop professional skills, gain international experience and prepare for their future careers. Through carefully designed mobility programmes, participants strengthen their competences, build confidence and gain valuable insights into different cultures, industries and working environments.

PROFESSIONAL PLACEMENTS

Professional Placements provide learners with hands-on experience in companies and organisations across Europe. Participants apply their vocational knowledge in real workplace settings while developing practical skills, professional confidence and industry-specific skills.

Key Outcomes:

- Industry-specific practical skills
- Workplace experience and professional confidence
- Improved communication and teamwork
- Greater independence and adaptability
- Enhanced international employability

COLLABORATIVE LEARNING EXPERIENCES

Collaborative Learning Experiences bring together learners from different countries to learn, create and collaborate. Through workshops, projects and intercultural activities, participants develop teamwork, communication and cultural awareness while gaining new perspectives.

Key Outcomes:

- Teamwork and communication skills
- Intercultural proficiency and cultural awareness
- Problem-solving and critical thinking
- International collaboration experience
- Increased confidence and active participation

FUTURE SKILLS PROGRAMMES

Future Skills Programmes prepare learners for the opportunities and challenges of tomorrow. Participants explore themes such as digital transformation, sustainability, innovation and entrepreneurship while developing adaptability, resilience and future-ready skills.

Key Outcomes:

- Digital expertise
- Sustainability awareness
- Innovation and entrepreneurial thinking
- Adaptability and resilience
- Future-ready mindset

- Learning portfolios and documentation
- Certificates and recognition tools
- Local transportation arrangements
- Travel planning and logistics support

THE PEOPLE BEHIND THE JOURNEY: GROUP LEADERS

Because every great adventure needs someone who knows the way

Outstanding mobility experiences don't happen by chance. They are made possible by exceptional people.

Our Group Leaders are carefully selected for their local expertise, professionalism and ability to support students and teachers in every situation. More than coordinators, they are trusted guides, problem-solvers and cultural ambassadors who bring each destination to life.

Their knowledge, dedication and round-the-clock support are one of the reasons why thousands of participants and educational partners choose TravelEdventures year after year.

SAFETY IS OUR PRIORITY

We are committed to the safety and wellbeing of every participant. When it comes to minors, we go above and beyond with dedicated safeguarding measures designed to give schools, parents and students complete confidence. From pre-arrival planning and the moment they land, to every stage of their experience and their safe journey home, we are by their side every step of the way.

PROBLEM SOLVERS

Calm, capable and ready for anything.

MEMORY-MAKERS

Creating moments that last a lifetime.

CONFIDENCE-BUILDERS

THE NEXT ERASMUS+ CHAPTER STARTS NOW

NO FUNDING? DON'T GIVE UP!

We know that not every school secures funding on the first attempt. But after supporting thousands of mobility projects across Europe, we've learned that a missed funding round shouldn't mean missing out on a life-changing international experience.

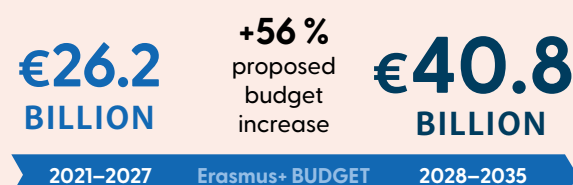

One setback doesn't define the journey. The journey only ends when your students return home, inspired by their Erasmus+ experience. And today, there are even more reasons to begin that journey.

More Opportunity. More Futures Changed.

The European Commission has proposed a budget of €40.8 billion for Erasmus+ 2028–2034, up from €26.2 billion in 2021–2027.

Every increase in educational mobility funding means more students can access opportunities that were once beyond reach.

As our mission reminds us, no student should miss the opportunity to learn, grow and discover their potential because of financial barriers. And with greater funding available, even more students will have the opportunity to do exactly that.

Because talent is everywhere. So opportunity should be too.

FIND OUT MORE HERE.
Read about the proposed programme for 2028–2034.

100+ SPONSORED MOBILITY OPPORTUNITIES

Every year, together with selected funding organisations across Central Europe, we help create additional opportunities for students who may not otherwise be able to participate in an international mobility experience.

REAL STORIES. REAL IMPACT.

Romanian students who've improved their English and gained work experience in the United Kingdom.

Hungarian students completing internships with fashion companies in Paris.

Austrian construction students gaining hands-on experience through projects in Spain and Greece.

These success stories are only the beginning. Every year, thousands of students embark on journeys that build confidence, develop skills and open doors to new possibilities.

ERASMUS+ CASE STUDY

HELPING SCHOOLS GO FURTHER

Every year we support thousands of students, teachers and educational institutions across Europe in the successful delivery of Erasmus+ and other international mobility projects.

From first-time applicants to experienced beneficiaries, schools rely on our expertise, partnerships and operational support to turn ambitious ideas into meaningful international opportunities.

FOR EXISTING PROJECTS

We help schools maximise the impact of their funded mobilities through:

- Internship placements
- Accommodation solutions
- Group supervision and support
- Educational activities and cultural programmes
- Project administration and documentation
- Airport transfers and logistics
- On-the-ground coordination

FOR NEW APPLICANTS

Taking the first step can feel overwhelming. Our team helps schools navigate the process by providing:

- Guidance throughout the application process
- Access to trusted European partners
- Project development support
- Advice on mobility formats and destinations
- Practical expertise built from 20+ years of experience

A real example of how our network and expertise helped a school create international opportunities, even without Erasmus+ funding.

24 STUDENTS.
4 WEEKS ABROAD.
NO ERASMUS+ FUNDING.

Yet the mobility happened!

When a vocational school from Germany was unsuccessful in securing Erasmus+ funding, our team activated its network of trusted European partners to identify an alternative pathway. Through our extensive network of Erasmus+ beneficiaries and funding partners, we were able to connect the school with an existing mobility project, allowing 24 students to complete a four-week internship programme in Ireland and Malta.

The project became a turning point for the school. Following the successful mobility, our Erasmus+ specialists provided ongoing guidance and support, helping the institution secure funding for future projects.

Today, the school continues to offer international opportunities to its students through Erasmus+, proving that a missed funding round does not have to mean a missed opportunity.

CERTIFICATION

Upon completion of each TravelEdventures programme, participants receive official certification recognising the knowledge, skills and learning outcomes achieved during their mobility, in accordance with Erasmus+ quality standards.

BEYOND BORDERS

LANGUAGE IMMERSION & CULTURAL EXPERIENCES

OUR MISSION

The world sounds different in every language. Through immersive international experiences, we help students and teachers develop language skills beyond the classroom, engaging with new cultures, perspectives and ways of life.

Because language is so much more than words.

At TravelEdventures, we are committed to building confidence, deepening cultural understanding and creating meaningful connections across borders.

BEYOND BORDERS

**Founded on European Values.
Open to the World.**

Beyond Borders is an international learning and educational travel programme designed to help students and teachers develop language skills, explore new cultures and gain valuable real-world experiences through immersive learning abroad.

Built on the principles of intercultural understanding, international cooperation and lifelong learning, Beyond Borders creates opportunities for students and educators to experience languages in authentic, real-world environments. **While many of our programmes are supported through Erasmus+ funding, we also work with private schools, international schools, colleges and educational organisations worldwide to deliver tailor-made language experiences.**

WHO IS BEYOND BORDERS FOR?

Beyond Borders is designed for schools, colleges, educational organisations and student groups seeking meaningful international learning experiences. Our programmes are suitable for public and private schools, international schools, vocational institutions and educational organisations looking to enrich language learning through immersion, cultural exchange and global engagement.

Programmes can be fully funded through Erasmus+ where eligible or customised as self-funded educational experiences according to each institution's objectives, budget and preferred destination.

LEARNING LANGUAGES THROUGH REAL-LIFE EXPERIENCE

Beyond Borders transforms traditional language learning into an immersive educational journey. Students are fully exposed to the language they are learning in authentic everyday situations, allowing them to develop fluency naturally and confidently.

Instead of only focusing only on classroom theory, students learn by:

- ✓ **Communicating with native speakers**
- ✓ **Interacting with local communities**
- ✓ **Meeting students from other countries and cultures**
- ✓ **Participating in cultural and social activities**
- ✓ **Navigating real-life situations abroad**
- ✓ **Experiencing daily life in their host country**

The Best Way to Learn a Language? Live It!

Programmes can be adapted, customised or expanded according to any specific objectives, curriculum, language focus and budget of each institution.

WHY THE EU SUPPORTS LANGUAGE MOBILITY

Language learning mobility is a key priority of the European Union and the Erasmus+ programme because it contributes directly to:

- ✓ **Strengthening multilingualism**
- ✓ **Improving employability and future career opportunities**
- ✓ **Increasing intercultural understanding and tolerance**
- ✓ **Supporting inclusion and equal access to education**
- ✓ **Developing active citizenship and global awareness**
- ✓ **Encouraging international cooperation between schools**

Thanks to Erasmus+ funding, schools can offer students high-quality international experiences at a fraction of the actual cost, making mobility opportunities more accessible and inclusive.

A COMPLETE IMMERSIVE LEARNING PROGRAMME

Every programme is tailored to the educational objectives, age group, curriculum requirements and desired learning outcomes of each institution. Whether schools are seeking intensive language development, cultural immersion, international collaboration or educational travel, we create programmes that support meaningful learning both inside and outside the classroom.

Fluency isn't built in a classroom.
It's built in moments you'll remember forever.

BENEFITS FOR STUDENTS

Research and experience consistently demonstrate the positive impact of language immersion abroad.

Students benefit from:

- ✓ **Rapid improvement in speaking, listening and comprehension skills**
- ✓ **Increased confidence in communication**
- ✓ **Stronger motivation to continue language learning**
- ✓ **Improved independence and adaptability**
- ✓ **Greater cultural awareness and openness**
- ✓ **Enhanced teamwork and collaboration skills**
- ✓ **Increased self-confidence and personal development**

BENEFITS FOR TEACHERS

Language Adventures programmes also provide valuable opportunities for teachers and school staff.

Teachers benefit from:

- ✓ **Exposure to innovative teaching methodologies**
- ✓ **International networking and partnership opportunities**
- ✓ **Exchange of good educational practices**
- ✓ **Professional development through intercultural learning**
- ✓ **Enhanced project management and mobility experience**
- ✓ **Stronger international dimensions within their schools**

INTERNATIONAL LEARNING EXPERIENCES SHOULD BE ACCESSIBLE.

SUSTAINABLE AND RESPONSIBLE TRAVEL

Beyond Borders promotes responsible travel practices by encouraging cultural respect, sustainable mobility choices and meaningful engagement with local communities. We believe educational travel should create positive impacts for both participants and host destinations.

FUNDING SUPPORT

Beyond Borders programmes are fully compatible with Erasmus+ funding requirements.

We assist schools throughout the entire process, including:

- Project planning and consultation
- Application support and documentation
- Programme design aligned with Erasmus+ objectives
- Administrative assistance before, during and after mobility
- Participant preparation
- Reporting and final documentation

Our goal is to make the mobility process simple, efficient and stress-free for teachers, coordinators and school management.

CLIL*, Language-learning & Projects

Develop your teaching through CLIL, combining content and language in meaningful ways. Design engaging lessons and classroom projects that support both language and subject development.

* CLIL: Content and Language Integrated Learning

Participants will learn how to combine language and content through practical, project-based approaches.

TOPICS

CLIL methodology

Language development strategies

Project writing techniques

Project management skills

LEARNING OBJECTIVES

Apply content and language integrated learning

Support language development across subjects

Design engaging classroom projects

Manage project-based learning effectively

5-DAY PROGRAMME

DAY 1: Introduction to CLIL

Focus: Basics of CLIL approach

- What is CLIL and how it works
- Benefits of integrating content and language
- Examples from classroom practice
- Simple CLIL activities

Learning outcomes:

Participants will understand CLIL principles and how to apply them in teaching.

DAY 2: Language Development in CLIL

Focus: Supporting language learning

- Techniques for developing speaking, reading, writing and listening skills
- Scaffolding language in subject teaching
- Vocabulary and communication strategies
- Adapting tasks for different levels

Learning outcomes:

Participants will learn how to support language development within subject teaching.

DAY 3: Project-Based Learning

Focus: Learning through projects

- Introduction to project-based learning
- Designing simple classroom projects
- Connecting projects with curriculum
- Encouraging student participation

Learning outcomes:

Participants will be able to design and implement project-based activities.

DAY 4: Project Planning and Management

Focus: From idea to implementation

- Writing project ideas and objectives
- Planning activities and timelines
- Managing group work and roles
- Monitoring progress

Learning outcomes:

Participants will develop skills in planning and managing educational projects.

DAY 5: Integration and Practice

Focus: Applying knowledge

- Designing a CLIL project lesson
- Group presentations and feedback
- Reflection on learning
- Personal action planning

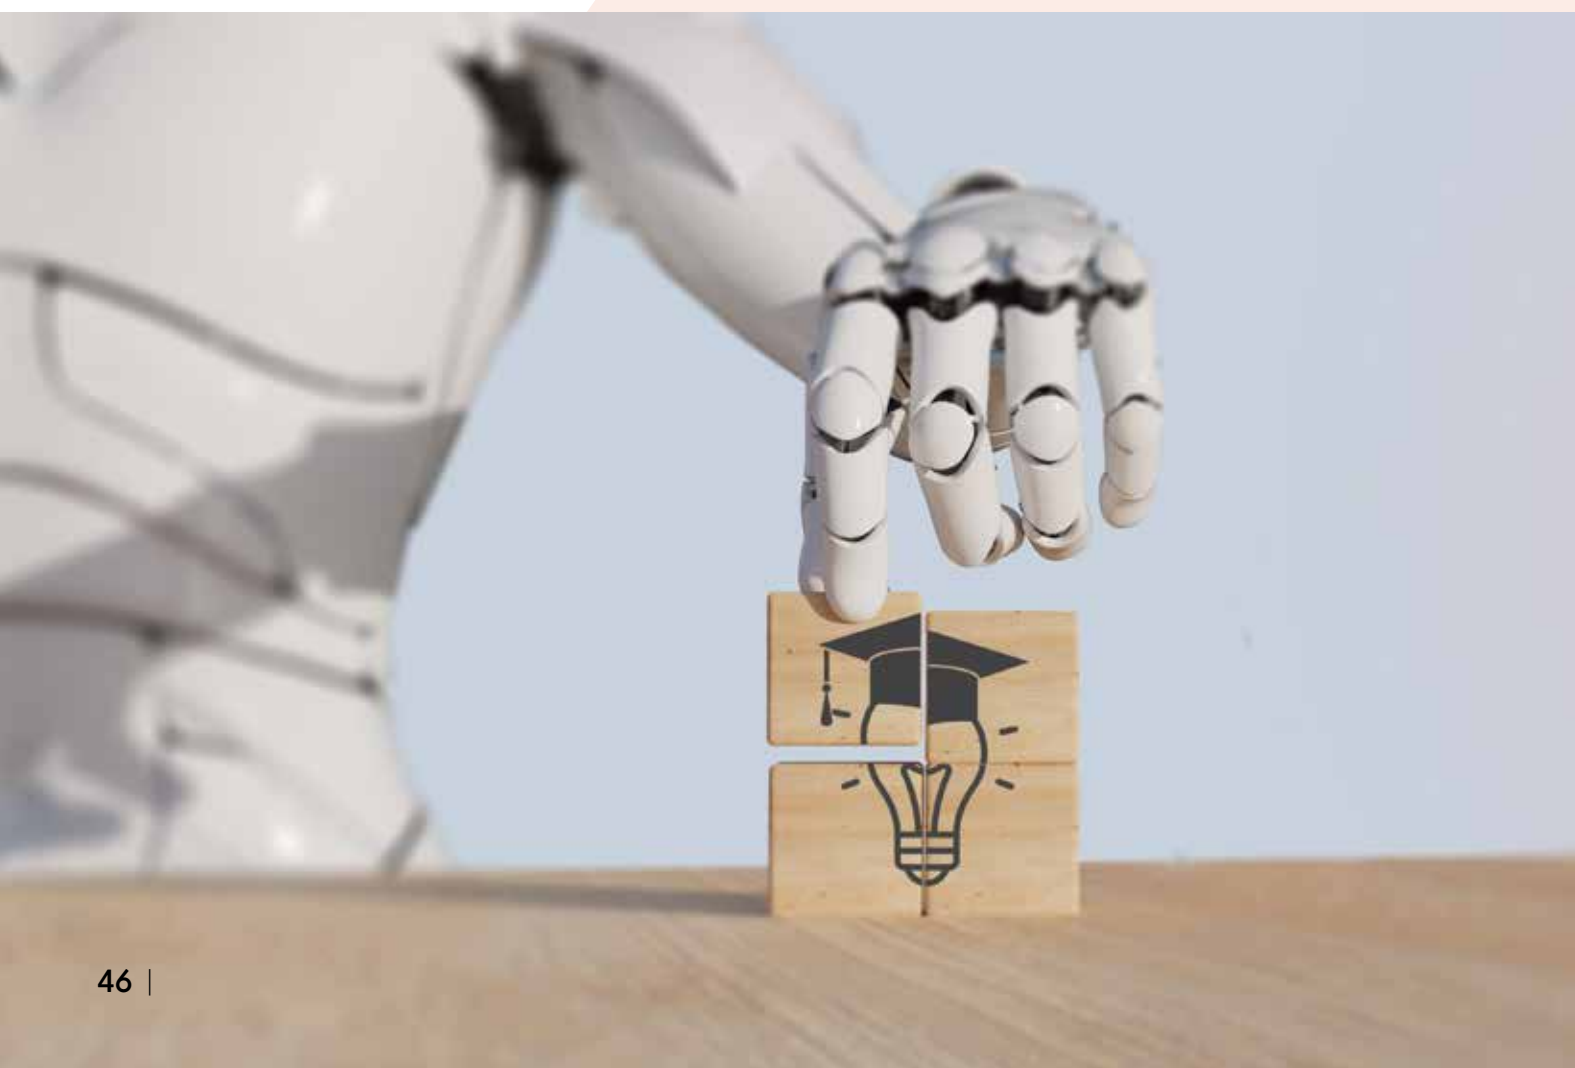

Learning outcomes:

Participants will be able to combine CLIL and project-based learning in their teaching practice.

AI-Powered Teaching & Learning

Artificial Intelligence is transforming education. This course explores how AI can be integrated into teaching to enhance creativity, personalise learning and support more engaging classroom experiences.

Participants will gain practical insights to confidently use AI in their daily teaching.

TOPICS

AI tools for lesson design and content creation

Personalised learning with AI-driven approaches

Creative classroom applications using AI

Ethics, bias and responsible AI use

LEARNING OBJECTIVES

Design engaging lessons supported by AI

Adapt teaching to different learning needs

Use AI to foster creativity and innovation

Apply AI responsibly in educational contexts

5-DAY PROGRAMME

DAY 1: Introduction to AI in Education

Focus: Understanding AI basics

A1 Ice-breaker and discussion: AI in everyday life

A2 Presentation: What is AI and how it is used in education

A3 Examples of AI tools for teachers

A4 Group discussion on opportunities and concerns

Learning outcomes:

Participants will understand basic AI concepts and AI's role in education.

DAY 2: AI Tools for Lesson Planning

Focus: Supporting teaching with AI

A1 Demonstration of AI tools for lesson planning

A2 Hands-on practice: Creating lesson ideas using AI

A3 Adapting AI-generated content for different subjects

A4 Sharing and discussion

Learning outcomes:

Participants will learn how to use AI tools to support lesson planning.

DAY 3: Personalised Learning

Focus: Adapting teaching to students

A1 Introduction to personalised learning

A2 Using AI tools to adapt materials for different levels

A3 Group activity: Designing differentiated tasks

A4 Reflection and feedback

Learning outcomes:

Participants will be able to adapt teaching materials to different student needs using AI.

DAY 4: Assessment and Feedback with AI

Focus: Evaluation and support

A1 Overview of AI tools for assessment

A2 Creating quizzes and feedback using AI

A3 Analysing student progress with simple tools

A4 Discussion on benefits and limitations

Learning outcomes:

Participants will learn how to use AI for assessment and providing feedback.

DAY 5: Ethics and Practical Application

Focus: Responsible use of AI

A1 Discussion: Ethical use of AI in education

A2 Identifying risks and good practices

A3 Designing an AI-supported lesson

A4 Presentations and reflection

Learning outcomes:

Participants will understand how to use AI responsibly and apply it in their teaching practice.

Experiential Learning in Outdoor Settings

Learning goes beyond the classroom! This course explores how outdoor environments can become powerful spaces for experiential learning, encouraging engagement, creativity and real-world connection.

Participants will explore how outdoor environments can inspire curiosity, strengthen connections and create meaningful learning experiences beyond classroom walls.

TOPICS

 Outdoor learning strategies

 Experiential learning approaches

 Nature-based activities

 Learning beyond the classroom

LEARNING OBJECTIVES

 Design outdoor learning experiences

 Increase student engagement

 Apply experiential learning methods

 Connect learning to real-world contexts

5-DAY PROGRAMME

DAY 1: Introduction to Outdoor Learning

Focus: Understanding outdoor education

A1 Ice-breaker and sharing experiences

A2 Presentation: Benefits of outdoor learning

A3 Examples of outdoor activities

A4 Discussion on challenges and opportunities

Learning outcomes:

Participants will understand the value of outdoor learning and its impact on student development.

DAY 2: Experiential Learning Methods

Focus: Learning by doing

A1 Introduction to experiential learning

A2 Practical outdoor activity

A3 Reflection on the learning process

A4 Linking activities to curriculum

Learning outcomes:

Participants will learn how to use experiential methods in teaching.

DAY 3: Student Engagement and Motivation

Focus: Active participation

A1 Techniques to motivate students outdoors

A2 Group activity: Designing engaging tasks

A3 Role of teamwork in outdoor learning

A4 Discussion and feedback

Learning outcomes:

Participants will be able to engage students through active and meaningful outdoor activities.

DAY 4: Planning Outdoor Activities

Focus: Organisation and safety

A1 Planning outdoor lessons

A2 Risk management and safety rules

A3 Adapting activities for different groups

A4 Creating simple lesson plans

Learning outcomes:

Participants will develop skills for planning safe and effective outdoor activities.

DAY 5: Application and Reflection

Focus: Practice and evaluation

A1 Designing a full outdoor lesson

A2 Group presentations

A3 Peer feedback

A4 Reflection and action planning

Learning outcomes:

Participants will be able to apply outdoor learning methods in their teaching.

Environmental Sustainability in Education

Sustainability is shaping the future of education. This course invites educators to explore how environmental awareness can be meaningfully embedded into everyday teaching, connecting global challenges with real classroom practice.

TOPICS

Education for sustainable development

Climate action in the classroom

Creative eco-projects and initiatives

Sustainable mindsets

LEARNING OBJECTIVES

Integrate sustainability into teaching practice

Inspire environmentally conscious behaviours

Design meaningful, real-world learning activities

Encourage critical thinking around global challenges

Participants will turn everyday lessons into experiences that inspire change, making the world a better place.

5-DAY PROGRAMME

DAY 1: Introduction to Sustainability

Focus: Basic concepts and awareness

A1 Ice-breaker: What does sustainability mean?

A2 Presentation: Key environmental issues (climate change, pollution)

A3 Group discussion on local environmental challenges

A4 Reflection on the role of schools

Learning outcomes:

Participants will understand key concepts of environmental sustainability and their relevance in education.

DAY 2: Waste Reduction and Recycling

Focus: Everyday green practices

A1 Workshop: Types of waste and recycling methods

A2 Practical task: Sorting and reducing waste

A3 Designing simple classroom activities on recycling

A4 Sharing ideas and feedback

Learning outcomes:

Participants will learn how to apply waste reduction and recycling practices in school settings.

DAY 3: Sustainable Use of Resources

Focus: Energy and resource efficiency

A1 Presentation: Saving energy and water in schools

A2 Case study: Examples of sustainable schools

A3 Group work: Creating eco-friendly classroom plans

A4 Discussion and reflection

Learning outcomes:

Participants will understand how to use resources responsibly and promote sustainable behaviour.

DAY 4: Environmental Education in Practice

Focus: Teaching sustainability

A1 Designing lessons on environmental topics

A2 Creating simple project-based activities

A3 Outdoor or practical activity (if possible)

A4 Adapting activities for different age groups

Learning outcomes:

Participants will be able to design and implement sustainability-related learning activities.

DAY 5: Action Planning and Implementation

Focus: Applying knowledge

A1 Developing a school sustainability plan

A2 Group presentations

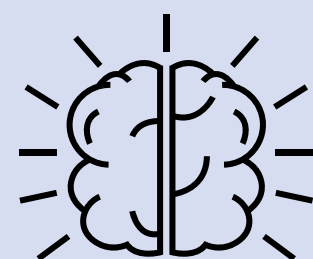

A3 Peer feedback

A4 Reflection and personal action plan

Learning outcomes:

Participants will be able to apply sustainability principles in their teaching and school environment.

SCIENCE

TECHNOLOGY

ENGINEERING

ART

MATHS

STEAM is an educational approach that integrates **Science, Technology, Engineering, Arts and Mathematics** to create real-world learning experiences. This course explores how these disciplines can be combined to foster creativity, problem-solving and innovation in the classroom.

Participants will explore how science, creativity, and real-world thinking can come together to create meaningful and engaging learning experiences.

TOPICS

Introduction to STEAM education

Cross-subject learning

Project-based STEAM activities

Creativity and problem solving skills

LEARNING OBJECTIVES

Understand the STEAM approach

Design interdisciplinary lessons

Foster creativity and innovation

Apply project-based learning strategies

5-DAY PROGRAMME

DAY 1: Introduction to STEAM

Focus: Understanding the STEAM approach

A1 Ice-breaker and introduction to STEAM concepts

A2 Presentation: What is STEAM and why it matters

A3 Group discussion on current teaching practices

A4 Analysis of simple STEAM lesson examples

Learning outcomes:

Participants will understand the basic principles of STEAM and how it can be used in teaching.

DAY 2: Interdisciplinary Teaching

Focus: Connecting subjects

A1 Workshop: Linking different subjects through one topic

A2 Group task: Designing a simple interdisciplinary activity

A3 Presentation of group ideas

A4 Feedback and discussion

Learning outcomes:

Participants will learn how to connect different subjects and design interdisciplinary activities.

DAY 3: Creative and Hands-on Learning

Focus: Learning by doing

A1 Practical activity: Hands-on STEAM task

A2 Creative problem-solving exercise

A3 Reflection on learning process

A4 Adapting activities for classroom use

Learning outcomes:

Participants will develop creative teaching approaches and apply hands-on learning methods.

DAY 4: Collaboration and Teamwork

Focus: Working together

A1 Group challenge: Solving a STEAM task in teams

A2 Discussion on teamwork and student roles

A3 Strategies for managing group work

A4 Designing collaborative classroom activities

Learning outcomes:

Participants will improve strategies for teamwork and collaborative learning.

DAY 5: STEAM in Practice

Focus: Application and planning

A1 Designing a STEAM lesson plan

A2 Group presentations

A3 Peer feedback

A4 Reflection and personal action plan

Learning outcomes:

Participants will be able to apply STEAM methods in their own teaching practice.

TWO WAYS TO JOIN OUR PROGRAMMES

Whether you already have funding or need support securing it, we are happy to help bring your international project to life.

PATH 01 I NEED FUNDING SUPPORT

Great projects start with great ideas.

1. Contact our team
Tell us about your school, your objectives and your mobility ideas.

2. Needs analysis
Together, we identify the most suitable funding opportunities and mobility formats.

3. We help write your project
Our team works with you to develop a strong mobility project with clear objectives, activities, learning outcomes and impact.

4. Application preparation
We support the preparation and submission of your funding application.

5. Partner & destination selection
Access our network of trusted schools, training providers, employers and educational partners across Europe.

6. Funding approval
Once approved, your project is ready to launch.

7. Programme implementation
TravelEdventures supports mobility delivery from preparation to completion.

START YOUR INTERNATIONAL JOURNEY

From first ideas to international experiences, every journey begins with choosing the right path.

PATH 02 I ALREADY HAVE FUNDING

Funding approved? Let's bring your project to life.

1. Choose your programme
Select the course, mobility type or training experience that best matches your objectives.

2. Choose your destination
Explore our network of destinations, schools, training centres and international partners.

3. Confirm participants
Identify the teachers, staff or learners taking part in the mobility.

4. Personalise your mobility
Together, we tailor the programme, activities and learning outcomes to your objectives.

5. Travel & logistics
Accommodation, transfers, documentation and practical arrangements.

6. Mobility experience
Participants complete their international learning experience.

7. Certification & follow-up
Learning outcomes, certificates and project completion support.

LEARNING WITHOUT

GRAVITY

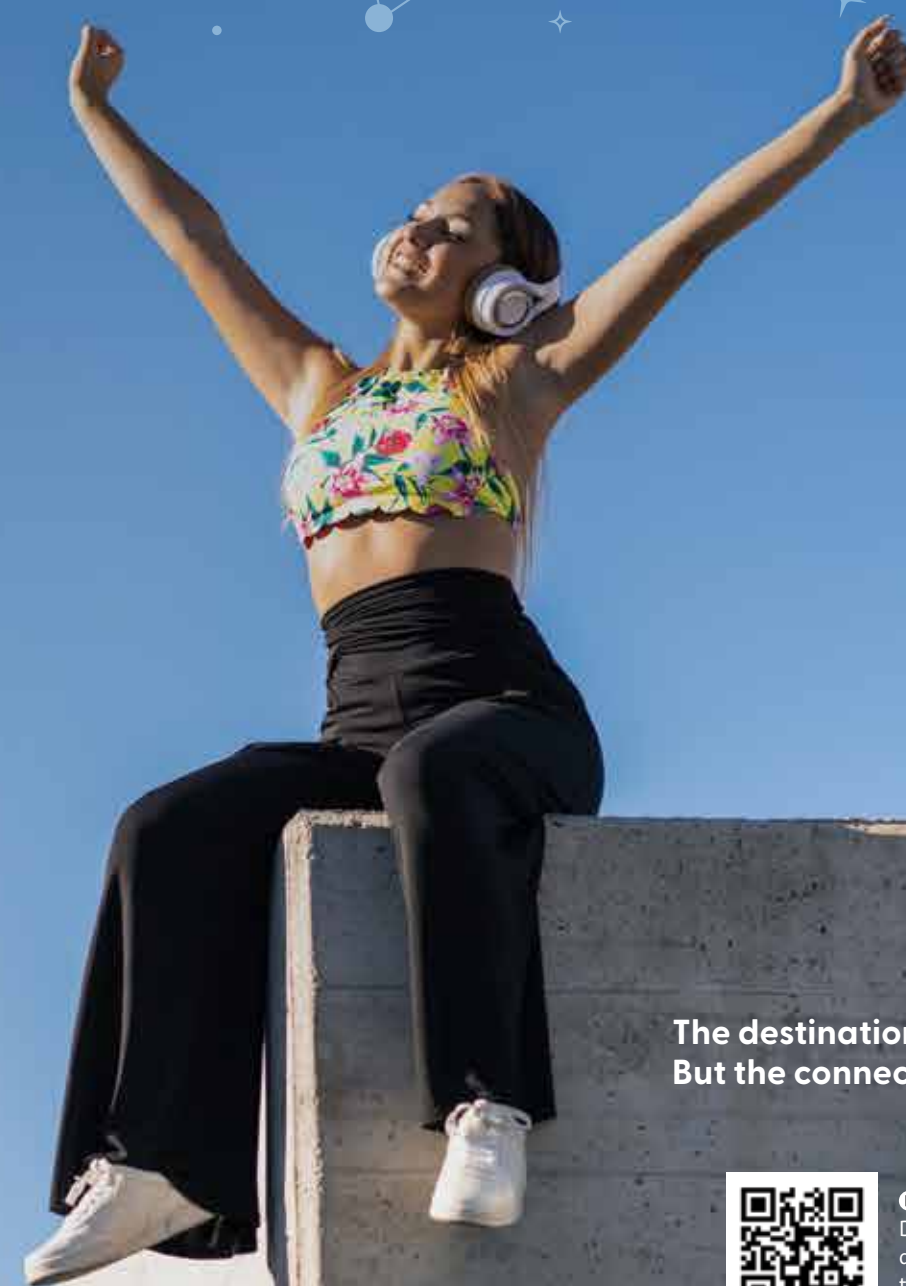

Gravity keeps things in place.
Education should do the opposite.

It should challenge perspectives,
inspire movement,
and open students to experiences
far beyond the familiar.

Through tailor-made mobility programmes
across Europe and beyond,
we create journeys designed
to expand horizons without limits.

Every journey is a point of light.
Together, they form a constellation
of experiences, perspectives and possibilities.

No single star tells the whole story.
It is the connections between them
that create the constellation.
Learning works the same way.

The destination matters.
But the connections matter more.

► **DESTINATION MATTERS**
Discover why the right
destination can define more
than just the journey.

Chester —

Roman Roots And Living Heritage

ACTIVITIES

Our Chester programme showcases one of Britain's most complete historic cities, where Roman military foundations, medieval urban design and modern heritage conservation coexist within a compact walled city. Located near the Welsh border, Chester offers a unique setting for studying archaeology, cultural heritage, tourism systems and long-term urban continuity across two millennia of development.

Chester Roman Amphitheatre & Archaeological Landscape

Explore the largest known Roman amphitheatre in Britain, used for military training and public events. Study excavation findings and the layout of Roman urban planning.

Chester Cathedral & Religious Continuity

Visit Chester Cathedral, originally a Benedictine abbey, and analyse architectural evolution from Norman to Gothic styles including its role in civic and religious life.

The Rows & Medieval Commercial Architecture

Discover Chester's unique two-tiered shopping galleries, known as The Rows. Examine medieval trade systems, urban density and architectural adaptation.

River Dee Corridor & Environmental Setting

Study the River Dee as a natural boundary shaping settlement patterns, trade routes and ecological systems within and around the city.

Chester Zoo Conservation System

Visit Chester Zoo, one of the UK's leading conservation institutions, focusing on global biodiversity programmes, habitat replication and endangered species protection.

Walk the nearly complete Roman and medieval city walls, studying their defensive function, urban boundaries and historical layering from Roman Deva Victrix to modern Chester.

WHY CHESTER?

Chester is a rare example of a city where Roman, medieval and modern systems remain physically and structurally visible within a single urban space. Its preserved architecture and active conservation programmes make it an excellent option for studying long-term cultural continuity and heritage management.

Edinburgh – History, Heritage And Horizons

Our Edinburgh programme introduces students to one of Europe's most distinctive historic capitals. Edinburgh is particularly known for its medieval history, woven into the city's urban fabric. It's also famed for its Scottish enlightenment heritage and volcanic geology. From the UNESCO-listed Old Town to the Georgian New Town and the surrounding hills, Edinburgh presents a powerful environment for exploring cultural identity, political history and ecological systems within a compact and highly walkable city.

ACTIVITIES

Edinburgh Castle & National Identity Framework

Spend time at Edinburgh Castle, including viewing the Crown Jewels, the Stone of Destiny and its military history collections. Examine Edinburgh's strategic volcanic position as well as its role in Scottish national identity and governance history.

Arthur's Seat, Salisbury Crags & Volcanic Landscape System

Hike Arthur's Seat in Holyrood Park, part of an ancient volcanic system within the city. Study Salisbury Crags and the geological formation of Edinburgh's landscape as part of a wider East Lothian volcanic field.

Scottish Parliament & Holyrood Political District

Visit the Scottish Parliament at Holyrood and learn about modern governance structures. Analyse how contemporary political architecture contrasts with nearby historic royal buildings.

National Museum of Scotland & Knowledge Systems

Engage with interdisciplinary exhibitions covering natural history, science, technology, archaeology and Scottish cultural development, including artefacts from the Highland Clearances and industrial revolution.

Coastal Field Study: Portobello & the Firth of Forth

Visit Portobello Beach and the Firth of Forth coastline to study coastal processes, marine ecosystems and urban shoreline management within a capital city region.

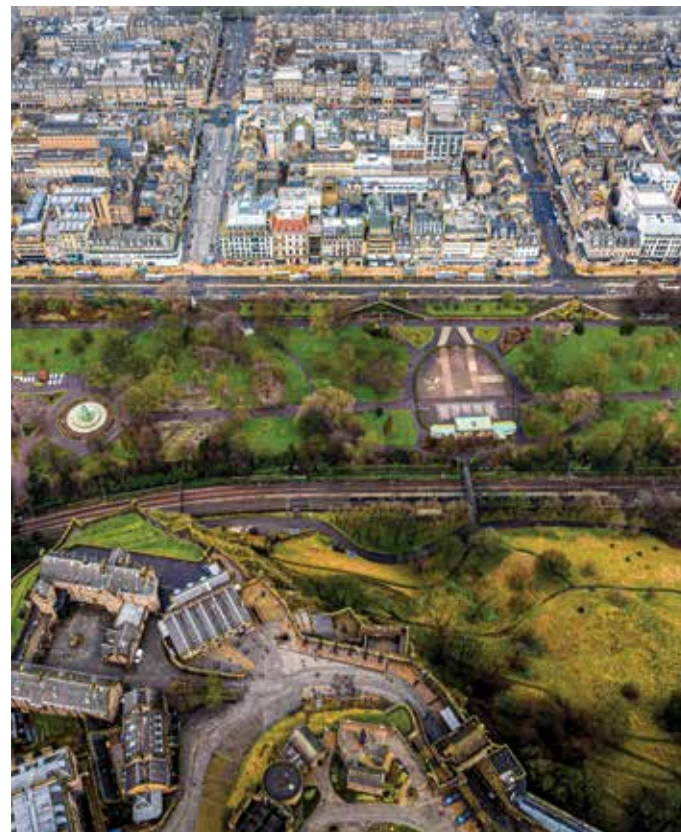

Walk the Royal Mile from Edinburgh Castle to Holyrood Palace, exploring closes, courtyards and historic streets shaped by medieval trade and urban density. Study Grassmarket as a former marketplace and execution site, now transformed into a busy cultural district.

WHY EDINBURGH?

Edinburgh is a rare example of a capital city where medieval urban structure, enlightenment intellectual heritage and natural volcanic landscapes coexist within a compact geography. This creates a unique learning environment where cultural history and physical geography are directly interconnected.

Witness Edinburgh's unique contrast between medieval Old Town and Georgian New Town urban planning systems.

SCOTTISH EXPERIENCES

Volcanic & Coastal Landscapes

Analyse ancient volcanic formations and coastal ecosystems within walking distance of the city centre.

Cultural & Intellectual Heritage

Discover Edinburgh's role in the Scottish Enlightenment and its influence on global scientific and philosophical thought.

Field-Based Urban Learning

Engage in structured observation of architecture, geography and cultural landscapes across urban and natural environments.

HISTORY, LANDSCAPE & SYSTEMS IN PRACTICE

UNESCO Urban Heritage & Preservation Systems

Study how Edinburgh's Old and New Towns are managed as a UNESCO World Heritage Site, balancing conservation with modern urban life.

Volcanic Geology & Urban Formation

Explore how volcanic activity shaped landmarks such as Arthur's Seat and influenced the city's defensive and urban development.

Political Evolution & Governance Structures

Examine the relationship between historic royal power and modern devolved government at Holyrood.

Coastal & Urban Environmental Systems

Investigate how Edinburgh manages coastal protection, urban green spaces and biodiversity along the Firth of Forth.

INTERNSHIPS

Placements are available across education, tourism, cultural heritage, hospitality, environmental studies, history, geography and public services. Edinburgh is particularly suited for heritage institutions, museums, cultural tourism, education settings and environmental field-based learning across coastal and volcanic landscapes.

Bernini and Raphael.

Rome Through the Centuries
Understand how a city can continuously reinvent itself while preserving layers of history spanning more than 2,500 years.

Italian Culture & Urban Life

Get to know vibrant neighbourhoods, public squares and local traditions that continue to define contemporary Roman life.

WHY ROME?

Rome provides the perfect setting to explore the foundations of European civilisation while experiencing one of the world's most influential cultural capitals. Few destinations provide such direct access to the historical, artistic and political forces that continue to shape modern society.

Trace nearly three thousand years of history in a city where emperors, artists, popes and visionaries helped shape the world we know today.

HISTORY, POWER & INFLUENCE

The Capital of an Empire

At its height, the Roman Empire governed territories across three continents, leaving a legacy that continues to influence law, language, architecture and political systems worldwide.

An Open-Air Museum

Rome is home to more than 900 churches, countless archaeological sites and some of the world's most important cultural landmarks, allowing students to experience history far beyond the classroom.

Art That Changed the World

From the Sistine Chapel to St Peter's Basilica, Rome showcases masterpieces that continue to inspire artists, architects and visitors from every corner of the globe.

Vatican City welcomes millions of visitors each year and remains one of the most significant religious and cultural centres on the planet.

ROMAN EXPERIENCES

The Birthplace of European Law

Many legal principles still used across Europe today can trace their origins back to Ancient Rome and the foundations of Roman law.

The World's First Mega-City

By the 1st century AD, Rome had grown to more than one million inhabitants, becoming one of the largest cities the world had ever seen.

Masters of Engineering

From aqueducts and bridges to roads and public baths, Roman innovations transformed how cities were built and managed for centuries.

Layers of Civilisation

Few places on Earth allow visitors to walk through nearly three thousand years of continuous history within a single city.

WHAT'S IT REALLY LIKE TO INTERN IN ROME?

SOUTH AFRICA

Ngala Region & Cape Town –

From the untamed wilderness of the Ngala region in the north of South Africa, to the vibrant coastline of Cape Town in the south, this journey takes students across this extraordinary country from one end to the other.

Along the way, discover two extraordinary paths to learning: life-changing volunteering alongside local communities in Ngala and career-shaping professional placements in lively Cape Town.

Join us in discovering the remarkable journeys that await across South Africa.

NGALA REGION

WHERE COMMUNITIES BECOME CLASSROOMS

Ngala — meaning “lion” in the local Shangaan language — borders the world-famous Kruger National Park and forms part of the Greater Kruger ecosystem. Home to the legendary Big Five; lions, leopards, elephants, rhinos and African buffalo, it is a place where extraordinary wildlife, conservation and thriving local communities exist side by side. Here, students don’t simply observe Africa, they become part of it.

Ruel Dibakoane Safari Guide • Wildlife Tracker • Conservation Educator

With years of experience guiding through the African bush, Ruel Dibakoane brings the wilderness to life through his exceptional tracking skills, deep understanding of wildlife and passion for conservation. His knowledge transforms every safari into an unforgettable learning experience.

A COMMUNITY- INTEGRATED EDUCATIONAL EXPERIENCE

In the Ngala region, TravelEdventures is developing a unique educational programme combining cultural exchange, conservation, community engagement and personal development.

The educational programme is based in Welverdiend, a village of around 14,000 residents in South Africa’s Mpumalanga Province, where the Tsonga (Shangaan)-speaking tribe live. The village continues to follow traditional customs, with leadership passed down from first-born son to first-born son.

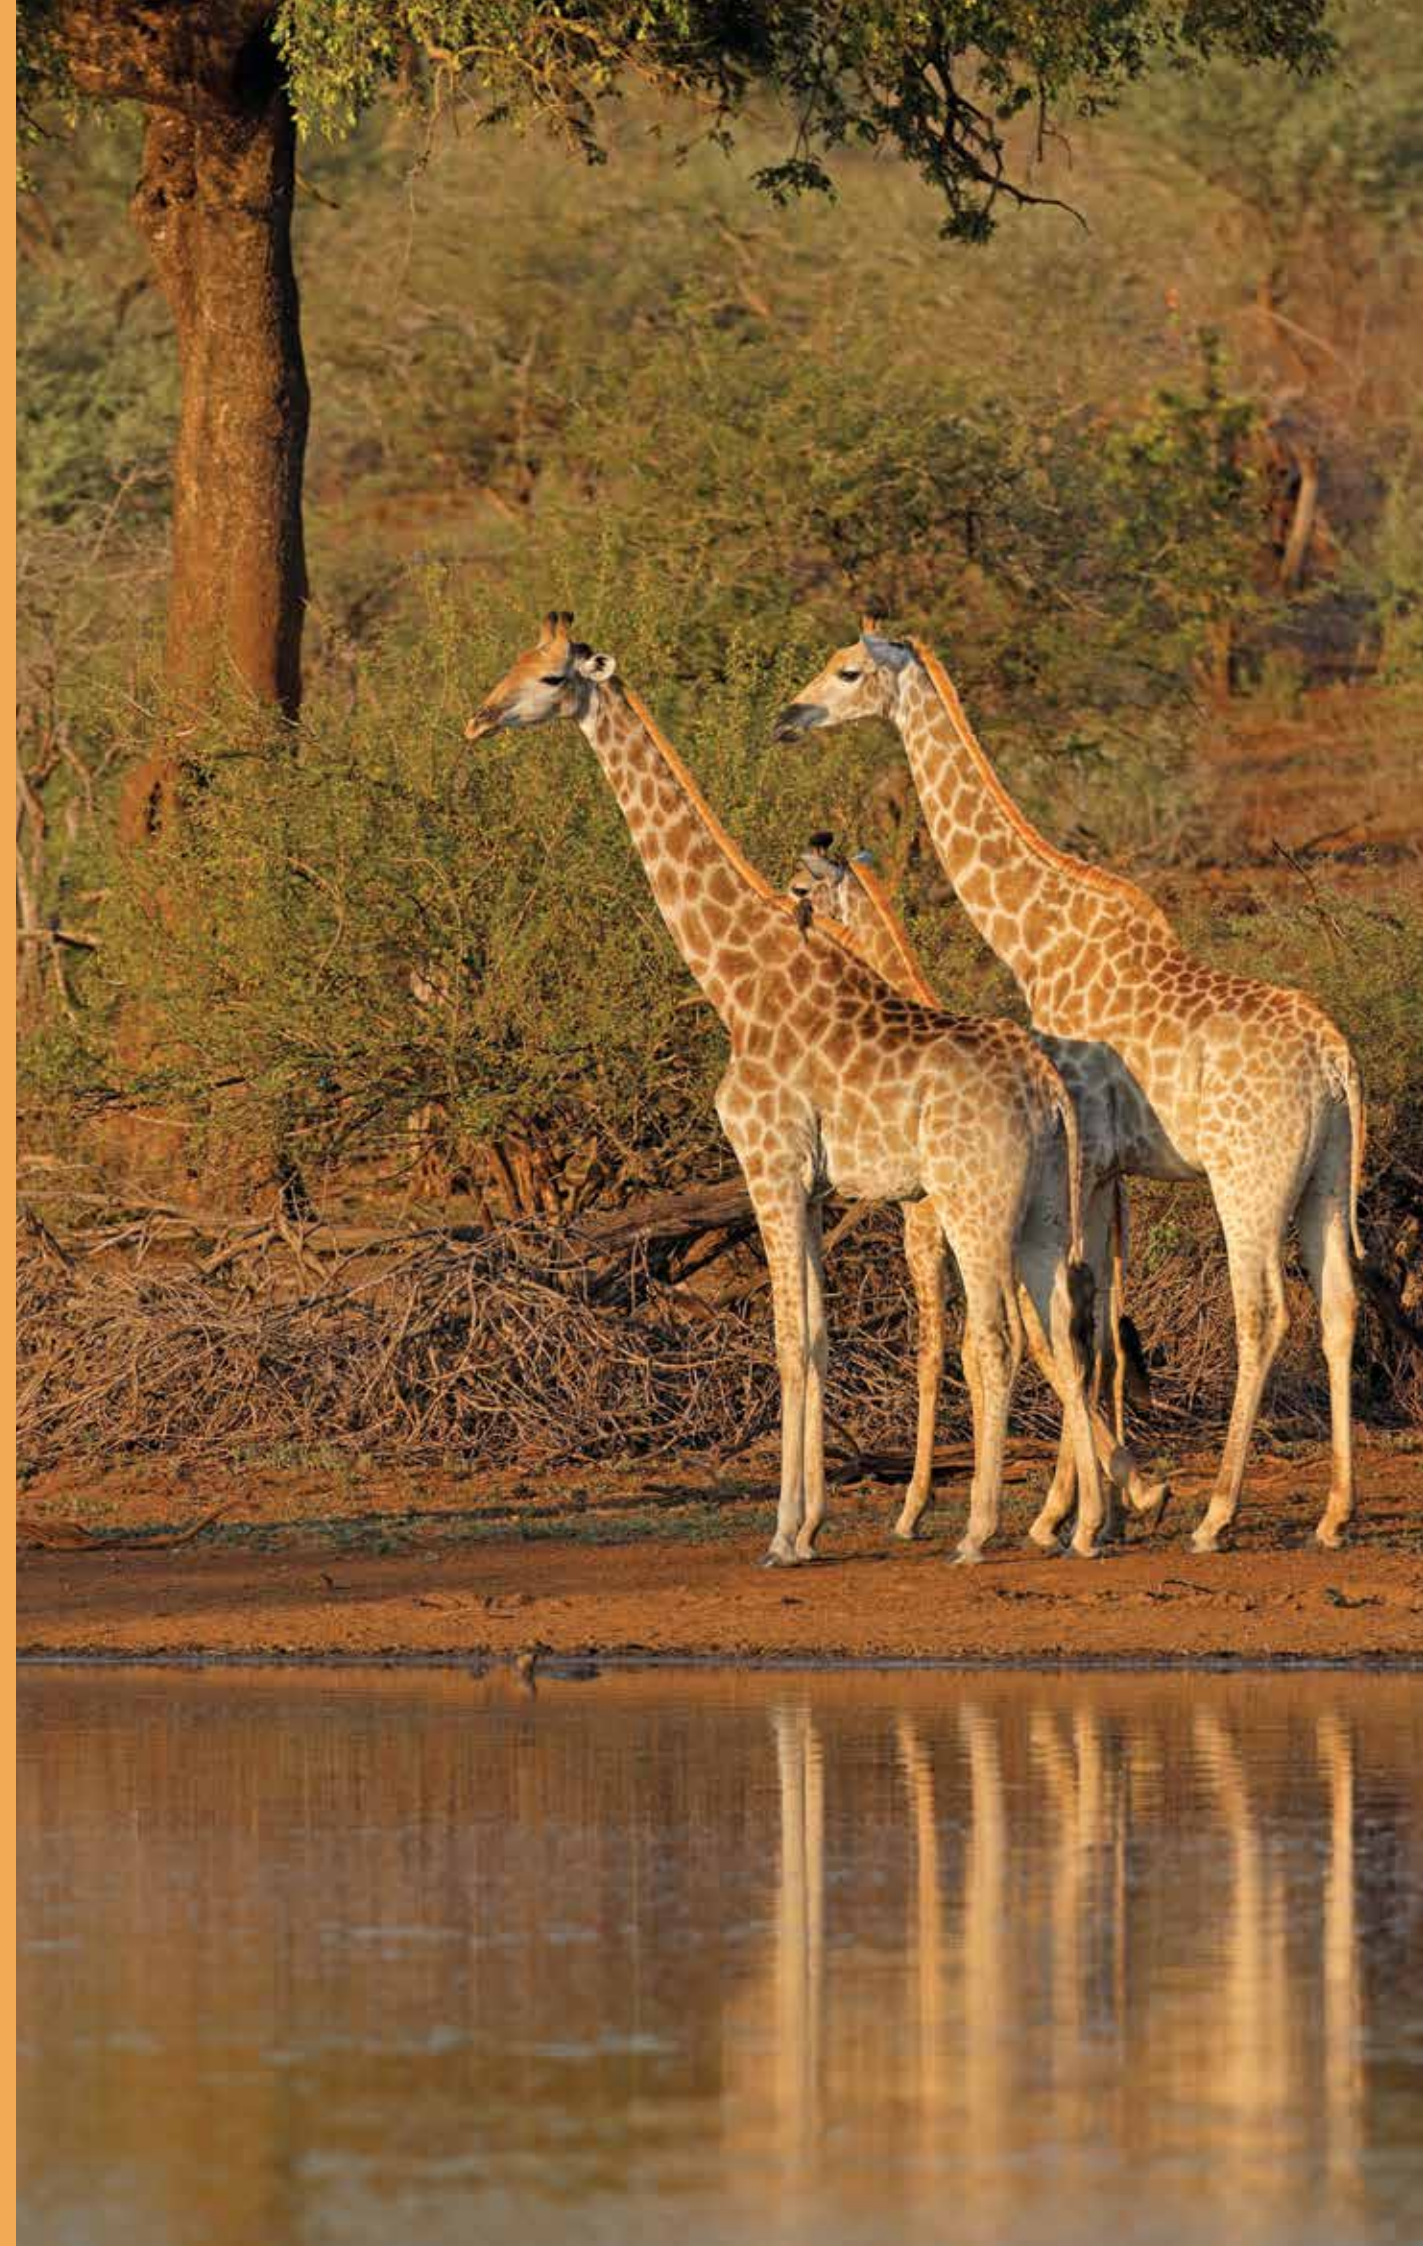

MEET THE PEOPLE BEHIND THE EXPERIENCE

Wild Impact

Our community programme is delivered in partnership with Wild Impact, a South African charity supporting sustainable community development alongside protected wildlife areas.

Chief Mnisi

Traditional leader of the Mnisi Traditional Authority, whose communities neighbour the Ngala and Manyeleti Game Reserves.

LIVING WITH THE COMMUNITY

Students experience authentic village life through carefully selected homestays or a welcoming community guesthouse, creating meaningful cultural connections while sharing daily life, traditions and local cuisine.

Homestays

- Stay with local families
- Traditional cuisine
- Daily village life
- Cultural immersion

Village Guesthouse

- Comfortable accommodation
- Ideal for larger groups
- With teachers & group leaders

MAKING A POSITIVE DIFFERENCE

The aim is to ensure that every visit creates a tangible and lasting benefit for the local community.

Projects may include:

- Expanding a village library or learning space
- Improving access to educational technology
- Supporting school facilities and classroom resources
- Water and sanitation strategies
- Community gardens and food sustainability projects
- Recycling and waste management initiatives
- Skills and entrepreneurship workshops

Every project is developed according to the priorities and needs identified by the community itself.

CONSERVATION, WILDLIFE & SUSTAINABILITY

Located close to some of South Africa’s most remarkable natural environments, the programme also offers opportunities to explore conservation and environmental stewardship.

Experiences may include:

- Ranger-led bush activities
- Wildlife conservation education
- Sustainability workshops
- Tree-planting and habitat restoration initiatives
- Environmental awareness activities

A PROGRAMME WITH PURPOSE

This scheme has been designed to create long-term value for both students and the local community.

Students will:

- Develop intercultural understanding
- Gain practical experience beyond the classroom
- Learn about sustainability, conservation and community life
- Build confidence, resilience and independence
- Strengthen communication and leadership skills

The Community Benefits Through:

- Sustainable income opportunities
- Long-term community development projects
- International connections and cultural exchange
- Increased visibility for local initiatives
- Ongoing partnerships with European schools

Leave with more than memories.
The greatest lessons are the ones that change lives!

CAPE TOWN

WHERE YOUR FUTURE BEGINS

Cape Town combines professional development with one of the world's most inspiring destinations. Through carefully selected internships, students gain valuable international work experience while developing practical skills, confidence and independence in a multicultural environment.

- Community Sport Programmes

ACTIVITIES

BEYOND THE CLASSROOM. BEYOND THE WORKPLACE.

Cape Town offers far more than professional experience. Surrounded by breathtaking landscapes, incredible wildlife and one of the world's most energetic cultures, every day becomes an opportunity to explore, discover and grow.

From iconic landmarks to unforgettable adventures, students experience a side of South Africa that stays with them long after they return home.

Experience:

- Table Mountain at sunrise
- The dramatic coastline of Cape Point
- Boulders Beach and its famous penguin colony
- The spectacular Cango Caves
- Authentic African safari experiences
- Bustling local markets
- Traditional South African flavours
- A striking combination of cultures, history and communities

WHAT OUR SCHOOLS SAY

"We cannot thank Travel Adventures enough for organising such an incredible educational trip to South Africa. From the very beginning, Natalie and Anna were professional, supportive and exceptionally well organised, making the entire planning process smooth and stress-free.

The itinerary was outstanding and packed with unforgettable experiences. Our learners had the opportunity to work within early years nursery settings, gaining invaluable hands-on experience and developing both professionally and personally. Alongside this, we enjoyed incredible safaris, explored the breathtaking Cango Caves and experienced authentic African cuisine, giving everyone a real appreciation of South Africa's culture and wildlife.

Spend time exploring one of the world's most recognisable waterfronts including seeing the famous Sydney Opera House and learn how Sydney has developed into a global centre for education, business and innovation.

WHY AUSTRALIA?

Australia presents students many opportunities to experience a country where natural wonders, cultural diversity and innovation exist side-by-side. From globally connected cities to some of the world's most extraordinary landscapes, Australia encourages curiosity, environmental awareness and a broader understanding of our interconnected world.

A CONTINENT OF NATURAL WONDERS

The Great Barrier Reef

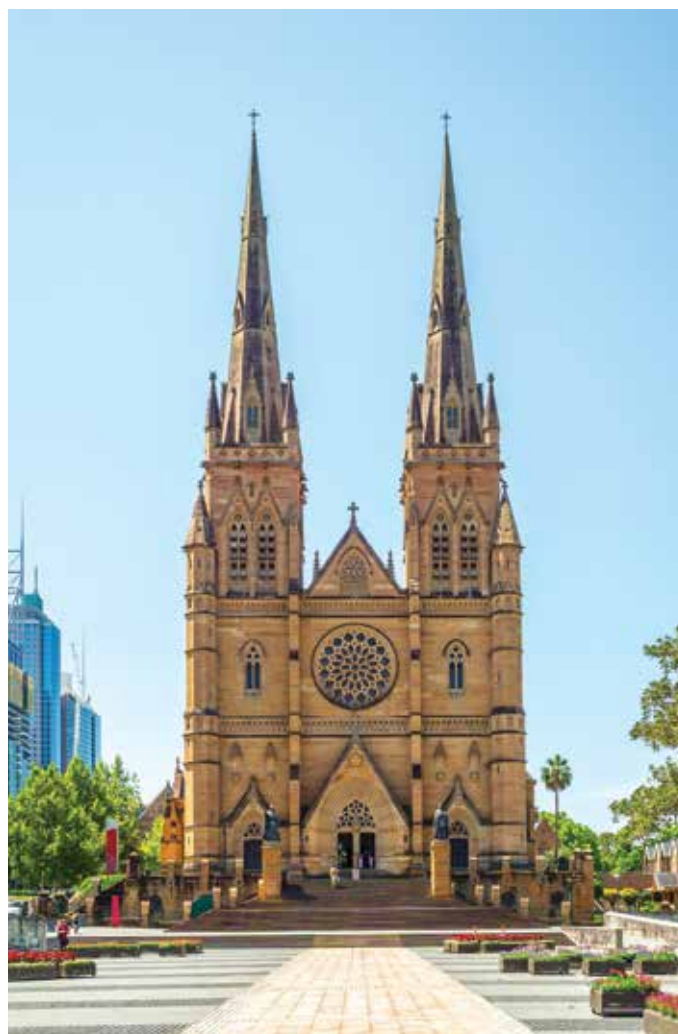

Stretching for more than 2,300 kilometres, The Great Barrier Reef (the world's largest coral reef system) supports thousands of marine species and is one of the planet's most important natural environments.

Daintree Rainforest

Estimated to be over 180 million years old, the Daintree is one of the oldest tropical rainforests on Earth and home to a huge breadth of plant and animal life.

Uluru

One of Australia's most iconic natural landmarks and a sacred site for the Anangu people, Uluru rises dramatically from the heart of the Australian Outback.

AUSTRALIA BEYOND THE CITIES

A Nation Built by Diversity

Nearly one-third of Australia's population comes from overseas, making it one of the world's most multicultural societies.

The World's Oldest Living Culture

Aboriginal peoples have maintained continuous cultural traditions for more than 65,000 years, bringing unique perspectives on community, identity and connection to the land.

Innovation & Education

Australia is home to globally recognised universities, research institutions and growing innovation hubs that attract talent from around the world.

Life Connected to Nature

With over 500 national parks, thousands of kilometres of coastline and a strong outdoor culture, Australia provides a truly unique perspective on wellbeing, sustainability and quality of life.

ROADTRIPS

ROADTRIP COLLECTION

Multi-Destination Journeys for Curious Minds

At TravelEdventures, we accompany young people as they take their first steps into the world; their first journeys far from home, their first encounters with new cultures, their first exchanges and their first experiences of independence, discovery and international learning.

This belief is what inspired the creation of our Roadtrip Collection: a series of carefully curated multi-destination journeys designed for students who are ready to explore beyond a single place, perspective or experience.

By connecting countries, cultures and educational themes within one programme, **the Roadtrip Collection creates even more rewarding learning opportunities and a deeper understanding of the world we share.**

TWO EDITIONS. ONE LEARNING JOURNEY.

What makes the programme truly unique is its progressive structure. **Organised into two connected Journey Editions and adapted to different age groups, each programme supports students at the right stage of their personal and educational development.** While every edition can be experienced independently, together, these two stages create a continuum, a progression of curiosity, maturity and insight that no single journey can offer on its own.

► FOR EVERY SCHOOL
It's never too early to discover the world.

EDITION I / DISCOVER. See more.

Recommended for ages 12–14

Edition I is created to broaden horizons. By stepping beyond familiar environments and engaging with different cultures, communities and ideas, students begin to understand that there is more than one way to see the world. Combining creativity, teamwork, cultural discovery and outdoor adventure, this first international experience is carefully guided to inspire confidence, joy and a lasting interest in learning from the world around them.

EDITION II / CONNECT. Become more.

Recommended for ages 14–16

Edition II marks the transition from exploration to understanding. Building on the foundations established in Edition I, students engage with deeper historical themes, cultural exchange, leadership challenges and real-world issues. As their confidence and independence grow, they begin to examine how ideas, decisions and societies shape the world around them and the role they can play within it.

SIGNATURE JOURNEY EDITIONS

Each Journey Edition is centred around a unique theme, connecting destinations, cultures and experiences into a meaningful educational story. While every programme can be adapted to the needs of each school, these examples illustrate how our Roadtrip Collection transforms travel into learning, discovery and personal growth.

- These exchanges spark curiosity and make the trip feel meaningful even before stepping on-board the plane!

Documentation & Celebration

- Post-trip highlight video (optional), perfect for school events, assemblies and parent evenings
- Students can also share their Learning Passports, showcasing growth, insights and achievements

Edition Pathway Benefit: Schools choosing to embark on both Edition 1 and Edition 2 receive:

- Continuity of learning
- Priority access to high-demand routes
- A preferential multi-year rate as a thank-you for committing to long-term student development

COACHING & MENTORS

Helping Students Make Sense of the Journey

Two weeks in Europe can feel full: new histories, new landscapes, new people and new questions. A mentor helps students slow down, understand the meaning and find direction inside all that newness.

Our TravelAdventures mentors offer quiet guidance, structured reflection and emotional clarity during a time when everything feels exciting — and sometimes overwhelming.

What a mentor brings to a two-week journey:

Processing the experience:

Helping students connect what they see with what they feel, and turn impressions into understanding

Exploring identity and direction:

Each conversation becomes an opportunity to think about strengths, interests and personal values

Navigating new environments:

Supporting students through unfamiliar cultures, group dynamics and the natural challenges of travel

FREQUENTLY ASKED QUESTIONS

How flexible are the programmes for different student profiles?

Every school has its own ambitions and priorities. Our mission is to understand those needs and translate them into meaningful international experiences. Each programme is tailored to the group's age, vocational sector, language level, learning objectives and preferred destinations, creating a truly personalised experience for students and teachers.

FOR MORE INFORMATION, SEE PAGES 8–9.

How do we know which destination is right for our students?

We know one thing for certain, the world teaches. Every destination offers different opportunities for learning, growth and discovery. Rather than recommending a single "best" option, we help schools find the destination that genuinely matches their objectives, vocational sector, experience level and budget.

FOR MORE INFORMATION, SEE PAGES 54–59.

What if our students have little or no previous travel experience?

No matter their level of travel experience, our dedicated TravelEdventures Group Leaders are there every step of the way. They provide guidance, support and local expertise throughout the programme, helping students feel confident, safe and fully engaged in the experience.

FOR MORE INFORMATION, SEE PAGES 13 & 16.

Can mobility programmes be designed around a specific vocational sector?

Yes. We offer internships, workshops, technical projects, company visits and industry-focused learning experiences across a wide range of sectors, including hospitality, tourism, engineering, construction, IT, digital technologies, business, entrepreneurship, marketing, healthcare, childcare, education, creative industries, sustainability, environmental studies, agriculture and many more.

EXPLORE OUR DESTINATIONS AND VOCATIONAL SECTORS, PAGES 64–201.

What if we don't know exactly what programme we need yet?

That is completely normal. Many schools begin with an idea rather than a detailed plan. We help shape the programme around your objectives, funding opportunities and practical requirements.

FOR MORE INFORMATION, SEE PAGES 8–9 AND 54–55.

What if our school doesn't currently have funding?

Many schools come to us before they have funding in place. TravelEdventures supports schools throughout the entire process, from identifying funding opportunities and developing project concepts to preparing applications, defining learning objectives, finding international partners and assisting with the administrative requirements linked to Erasmus+ and other mobility programmes.

FOR MORE INFORMATION, SEE PAGES 14–15, 18–19, 28–29 AND 54–55.

Unforgettable experiences

Best choices

School profile

Do students need strong English skills to participate successfully?

Not necessarily. Some programmes are suitable for lower language levels and project-based or technical learning options are available for groups who may not yet feel confident in fully independent placements.

FOR MORE INFORMATION, SEE PAGE 15.

What if our students or teachers would like to improve their language skills abroad?

Through Beyond Borders Programme, participants can study English, Spanish, French, German, Italian and Portuguese in native-speaking destinations across Europe. With funding support available, programme costs can often be reduced by up to 80%.

FOR MORE INFORMATION, SEE PAGES 22–29 AND 90–95.

Can teachers join the mobility experience as well?

Absolutely, we offer Teacher Training courses, job shadowing opportunities and blended mobility experiences for both students and staff.

FOR MORE INFORMATION, SEE PAGES 30–53 AND 94–95.

Are the Teacher Training courses eligible for Erasmus+ funding?

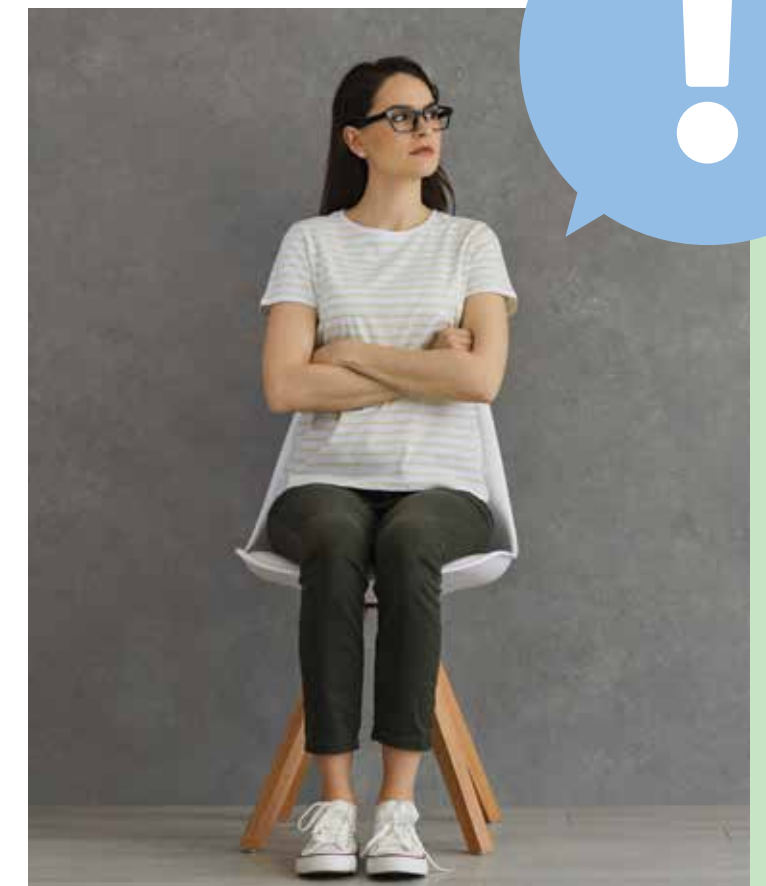

Yes, many schools use Erasmus+ funding to participate in our Teacher Training and professional development programmes.

FOR MORE INFORMATION, SEE PAGES 30–33.

What types of topics are covered in the Teacher Training courses?

Courses include classroom management, creativity, interpersonal skills, inclusive education, digital tools, AI in education, wellbeing, sustainability, CLIL, outdoor learning and innovative teaching methodologies.

FOR MORE INFORMATION, SEE PAGES 34–53.

Can a mobility programme support school priorities beyond internationalisation?

Certainly, mobility projects can contribute to inclusion, sustainability, employability, language development, digital skills, wellbeing and staff development goals.

FOR MORE INFORMATION, SEE PAGES 166–173, 194–199 AND 200–209.

How are internship placements selected?

Placements are matched according to students' vocational background, learning objectives, language level and the availability of trusted local partners.

FOR MORE INFORMATION, SEE PAGES 10–15.

Can programmes include company visits and industry workshops?

Yes, we organise tailored company visits, workshops, industry presentations and professional experiences connected to each vocational field.

FOR MORE INFORMATION, SEE PAGES 60–61.

Why do schools come back to TravelEdventures year after year?

Because successful mobility programmes are built on trust, flexibility and meaningful outcomes. Schools value our personalised approach, funding expertise, dependable support and the long-term partnerships we build with educators and institutions across Europe and beyond.

FOR MORE INFORMATION, SEE PAGES 212–215.

“

The success of our international work placements in Malta is 100% down to our partnership with TravelEdventures.

The team took care of absolutely all the practical arrangements, allowing us, as supervising teachers, to devote all our time to monitoring our students. **Flights, accommodation, transport and visits were all organised** by the highly experienced and, above all dedicated team.

[TravelEdventures] made their extensive network of contacts available, ensuring that all students could undertake the work placements that best matched the skills we wished to develop.

The entire team was available 24/7 and guaranteed a successful and, as far as possible, stress-free work placement.”

An unforgettable experience in Vienna! A beautiful stay in the most wonderful city in Europe.

We travelled from Poland to Vienna by train. The eleven-hour journey did not scare us at all. The most important thing for us was the adventure of being in a foreign city.

The company, TravelEdeventures, took care of our stay in Vienna. From the very beginning, everything was planned in detail. Upon arrival and departure, pre-booked taxis picked us up from the train station. Accommodation for our group was arranged in apartments near the city centre. **Internship placements were selected according to both the students' professional qualifications and their hobbies.**

Our Vienna mentor from TravelEdeventures ensured the smooth running of the entire project. She stayed in contact with us at all times and solved the few problems that occasionally arose.

All of the perfect planning and organisation by TravelEdventures is truly highly recommended!”

School name: Zespół Szkół Ekonomicznych im. Stanisława Staszica from Słupsk, POLAND

“

Thank you very much for organising our ERASMUS+ trip in December 2024.

The senior care facilities where the students were able to complete their placements during the first week were very well selected and all participants left with a very positive impression and received a lot of praise. We also felt very welcome during the company visits in the second week. **Another highlight in the middle of the second week was the visit to the Pathological Museum** and the exhibition at the Narrenturm – thank you for arranging the guided tour!

All of your cultural recommendations were excellent and allowed us to make very good individual use of our free time. The accommodation in the 10th district was practical and perfectly suited to our needs. At times it was a little noisy, but this often depended on the time of day and did not really bother us. The transport connections were excellent – also thanks for the very good public transport recommendations provided by your team. They helped us greatly! We hope that we contact you again in the future and are already looking forward to our next visit to Vienna!”

It started out as a trial project, and we ended up in a long-term, reliable and many-folded partnership.

Our school has been cooperating with our partner organisation TravelEdventures for the past couple of years and they have always delivered. Together we have implemented more than a dozen short and long-term Erasmus+ mobility programmes in several countries including Malta, Portugal, Austria and even Slovenia. Their widespread network of host companies and partner schools spanning all over Europe proved to be an invaluable asset for us in terms of planning, organising and the execution of our mobility programmes. Proof of their organisational skills: 200+ satisfied mobility participants from our school. Always there to help, prompt communication throughout the projects. **Affordable prices within one's Erasmus + grant budget.** We highly recommend TravelEdventures, they can make your mobility happen.”

“

We cannot recommend TravelEdventures highly enough for the outstanding work experience programme the team organised for Newman students in Malta.

From start to finish, the entire process was handled with exceptional efficiency and professionalism, making it a truly stress-free experience for both students and staff at Newman.

The team at TravelEdventures **are incredibly friendly, approachable** and always willing to go the extra mile to ensure everything runs smoothly. Communication [during the programme] was clear and timely throughout and any questions or concerns were addressed quickly and thoroughly.

The placements were well organised and thoughtfully matched, providing students with meaningful, hands-on experience in a supportive environment. The staff on the ground in Malta were equally welcoming and attentive, ensuring students felt safe, confident and fully supported during their stay.

Overall, TravelEdventures delivers a fantastic programme that combines high-quality work experience with excellent care and organisation. The team's efficiency and warm, friendly approach truly sets TravelEdventures apart and we would not hesitate to work with them again."

Dear Sir/Madam

My name is Sara and I am a teacher at Marketing and Design High School Maribor (in Slovenia). During the past two weeks (from 29 March 2025 - 12 April 2025) I had the incredible opportunity to participate in a two-week student practical exchange (mobility) programme in Malta as an accompanying teacher and I couldn't be more satisfied with the entire experience.

Our project manager, Mrs. Olimpia, was very responsive and willing to help with anything we needed. Cast apartments - the accommodation where we stayed - was clean, spacious and the staff members were very kind, responsive and always willing to help. The team at **TravelEdventures Malta** were **exceptionally professional**, friendly and always ready to assist with any questions or needs we had. Many thanks to Ana and Alex - they were very helpful and kind. Every detail -

Over the years, Profitecla has had the privilege of collaborating closely with TravelEdventures in Athens Greece and we can confidently describe them as a highly professional, reliable and dedicated partner in the field of international mobility and education.

TravelEdventures consistently demonstrates a deep understanding of the goals and values behind internationalisation projects. Each year, we entrust our students to their team with complete confidence, knowing they will be welcomed with professionalism, care and genuine commitment. Their work extends far beyond the administrative management of mobility programmes. **They create enriching learning environments where students not only develop professional competencies but also gain independence**, self-confidence, cultural awareness and valuable life skills.

One of the most remarkable aspects of TravelEdventures is the human dimension the team brings to every project.

from transportation, accommodation to visits and food suggestions - was very convenient.

The mobility itself offered a wonderful balance between learning, cultural immersion and fun. Our students had the chance to meet another culture, to learn about other (working) habits and become more independent on their path to adult life. Dušan and I (my coworker and second accompanying teacher) also appreciated the opportunity to exchange best practices and gain insights into the Maltese way of life and work.

Our participating students cried on the way home because they wanted to stay so much. We all returned home with unforgettable memories and stronger friendships.

Thank you for an unforgettable journey!

Communication is always transparent, responsive, and efficient, built on a foundation of mutual trust and respect. Whenever challenges arise, their team approaches them with responsibility, flexibility and the true spirit of partnership, always prioritising the well-being and success of the students at the centre of every mobility experience.

For Profitecla, TravelEdventures is far more than a hosting or support organisation. It is a trusted educational partner that shares our vision of empowering young people through meaningful international experiences. The dedication, professionalism and student-centred approach has contributed significantly to the success of our mobility projects and we look forward to continuing our valuable collaboration for many years to come.

We would also like to extend our special appreciation to Dorota Feifer for her outstanding dedication, friendship and unwavering support throughout our partnership."
